REPORT OF THE SCHOOL BOARD,

OF RICHMOND, N. H.,

FOR THE YEAR ENDING FEB. 15, 1905.

The school board of the school district of Richmond respectfully submit the following report.

As far as possible, we think our schools for the year have been successful. We have had good teachers, though some were lacking in experience. It is to be regretted that when we have a teacher that is doing good work, and the pupils making good progress, that the parents will not give them the encouragement which they deserve. In regard to the mileage system, it has in most cases been accepted as the most satisfactory arrangement. It has increased the attendance in some cases, as of course the more days a pupil attends school, the more is the mileage received by them, which may be an incentive to some. We wish it might be understood by both parents and pupils, that marking or defacing the school building or property is strictly against the law, and all committing such offence, are liable to heavy fines.
